

Clean out your closet for a good cause!

Delta Xi colony of Alpha Omicron Pi at Rose-Hulman Institute of Technology is collecting new and almost-new dresses and accessories year-round. They are then distributed through

an annual boutique to local high school students who could not afford to purchase a dress otherwise, so that they may attend their prom in style. During the boutique, the women of AOII will aid each of our “Cinderellas” in finding the perfect dress for their special night.

We are currently accepting donations for:

- New or almost-new dresses
- Shoes in excellent condition
- Jewelry in excellent condition
- Unopened cosmetics
- Unopened hosiery
- Gift certificates to hair and nail salons in the Terre Haute area

If you would be willing to wear the item (or allow your daughter to wear it) to a formal event, then the item is suitable for donation. To find out who you should contact if you have items to donate, or for more information about Delta Xi's Glass Slipper Project, please visit <http://www.rose-hulman.edu/AlphaOmicronPi/Philanthropy/GlassSlipper/>.

To learn more about AOII, the international women's fraternity, please visit <http://www.alphaomicronpi.org>.
