

Alpha Chi Sigma Iota Chapter Centennial Celebration

**Rose-Hulman Institute of Technology, Terre Haute, IN
May 8-10, 2009**

My Fellow Brothers,

The time is fast approaching to celebrate the founding of the Iota Chapter of Alpha Chi Sigma.

The chapter is busily making preparations for a full weekend of activities to pay tribute to the alumni who have gotten us to our current, prosperous state and to celebrate the three objects of the fraternity. Please find included with this letter a more detailed schedule of events for the weekend. Whether you can make it for a single day or the whole weekend, we sincerely hope that you will join us for all the festivities.

Friday night will be highlighted by the first night initiation at Iota in many years. For those of you returning with family who may be looking for other activities, the Rose Drama Club will also be presenting "The Wizard of Oz" that evening in Hatfield Hall. Saturday night will feature a dinner and banquet including presentations on chapter history, a keynote speaker, and the presentation of awards to a very special group of brothers. In addition, we are planning numerous gathering opportunities to reconnect with old friends and chances to see how the campus has changed. There will also be activities designed to get outside and play in the sunshine at Dear Old Rose.

Please take a moment to review the schedule of events. A website is now provided for online registration to the banquet via the alumni affairs office. In addition, a response card is provided for those of you not interested in online registration. The enclosed flyer offers more details, hotel options, and current chapter officer information. Please do not hesitate to contact any of the officers listed in the flyer if you have any questions.

Once again, we look forward to seeing all our brothers return to celebrate this momentous event in the history of the Chapter!

Yours In the Double Bond

Prof. Christopher Nicholson
Co-Chapter Advisor, I'99
