

Rose-Hulman Astronomy Club

Meeting Minutes for 2008-10-23

Astronomy Fact of the Week

Tycho Brahe, an astronomer from the last half of the 16th century, was able to calculate the length of an Earth year to within one second.

- November 4th (election day) during 10th hour an astrophotographer will be coming to speak. For more details, contact Gina Olson.
- If anyone is interested in visiting the local Planetarium, let us know. If there is sufficient interest, we will plan a trip!
- Some events we are thinking about in the future:
 - A trip to Turkey Run State Park in the spring. Please let us know if you would like to come so we can get an idea of overall interest.
 - Garage clean-out at some point
 - Cloudy / cold meeting ideas are welcome. We have astronomy videos, astronomy games, and we can use the Southern Sky Observatory remotely.
