

Rose-Hulman Astronomy Club Meeting Minutes for 2009-03-12

- **Messier Marathon**

We will select the optimal viewing order and the specific dates closer to the event, depending upon weather. We will select a few dates in case of poor weather. If you are interested in helping plan this event, let Gina Olson (olsongm@rose-hulman.edu) know. We hope to image as many objects as possible.

- **Elections**

Elections will be held the week before Spring Break. You must be an active member to vote. If you arent sure if you are active, please ask Emily. If you are active, please come out and vote! If not, theres still time to become active! We will take nominations just prior to the elections, so if you are thinking about a position and would like to know a bit more about the responsibilities associated with it, ask Gina Olson (president), Emily (vice president), Peter Maginot (treasurer) or Jason Sauppe (webmaster) about our positions.

- **Year of Astronomy Posters**

The pictures are being hung in the physics hallway. If you would like to help out, we are planning to do some work on Wednesday. Let Gina know which times would work for you.

- **Turkey Run Trip**

We are planning a trip to Turkey Run for less light polluted skies after Spring Break. We will have more details when it gets closer to the date.
