

HW 3 - Grading Rubric

Recall the [General Instructions for Grading Programs](#).

Eclipse project for this assignment:

JavadocsAndUnitTesting

Points to be awarded:

1. **MoreWordGames** class, Javadoc - 2 points for each of the 5 places where Javadoc comments were to be added (the class, main, shout, whisper, holleWerld) (so 10 points total).
2. **MoreWordGames** class, new methods - 10 points for each of the 2 methods to be added (doubleSpeak, cartBeforeTheHorse) (so 20 points total).
 - Per the above link, additionally deduct points for poor style or documentation on this item.
3. **MoreWordGamesTest** - 5 points for at least 3 reasonable tests for each of the 5 methods tested: shout, whisper, holleWerld, doubleSpeak, and cartBeforeTheHorse (so 25 points total).
 - Documentation is not required for this test class.

Total: 55 points.

Note: There was a written exercise associated with this homework. It is graded separately.
