

L Math class melee

"The answer, please?"

The stern voice startles you. You were dozing in Mrs. Rosencrantz's high school math class again. You realize at once that she's been talking to you.

"Well?"

You look at the blackboard. It's one of those word puzzles, the logic kind. Mrs. Rosencrantz is waiting for you to solve it. You quickly scan what she's scrawled on the board with her crone's hand:

- A foursome of golfers is standing at a tee, in a line from left to right. Each golfer wears different colored pants; one is wearing red pants. The golfer to Fred's immediate right is wearing blue pants.
- Joe is second in line.
- Bob is wearing plaid pants.
- Tom isn't in position one or four, and he isn't wearing the hideous orange pants.
- In what order will the four golfers tee off, and what color are each golfer's pants?"
