Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the one-month LIBOR Rate (as published by the Reuters on its Reuters Screen LIBOR01). For more information on this rate, see the reference notes.

There is no limit on the amount the interest rate can increase.

About this example

The repayment example assumes that you remain in school for 4 years and have a 6-month separation period before beginning repayment. It is based on the **highest starting rate currently charged** and associated fees. Please note that if you elect to make \$25 Fixed Payments while in school and during the separation period, your interest rate and your monthly principal and interest payment after the separation period ends may be higher as compared to electing the Interest Only option. So long as you do so prior to finalizing this loan, you can change your repayment option election by calling 1-888-272-5433 . Principal and interest repayment terms vary from 5 to 15 years and are based upon the borrower's cumulative outstanding Sallie Mae-serviced private student loan balance and the student's school-certified academic grade level.
