

# AQIP Reaccreditation Process\*

Steps in AQIP process:

1. Interest exploration and comprehensive self-assessment
2. Annual Update, a short summary of quality progress, filed with NCA Annually which can involve an on-site evaluation
3. Every 3-5 years—a cycle consisting of a Strategy Forum and an Systems Portfolio Appraisal which can involve a site visit
4. Every 7 years—Formal Reaffirmation of Accreditation. A simple validation process, resting upon an institution's established pattern of continuing involvement of AQIP. No special visit or report will be required. Prior to reaffirmation, we must (in the previous seven years) have hosted at least one on-site evaluation (as part of a Systems Portfolio Appraisal)
