Final Exam Study Tips from the Learning Center

Course Preparation
- Check course syllabus. It will give you important information about the final exam.
- Talk to your professor about any topics about which you are unsure.
- Write down important concepts on flashcards.
- Read your textbook and go over your notes from class.

Use the Learning Center
- Get old tests from Learning Center.
- Work as many practice problems as possible.
- Time yourself to make sure you can complete the exam in the time allotted.
- Find a quiet place to study (hint: Logan Library or Learning Center).
- Go to Learning Center review sessions. Use the review packets to study.

Studying
- Study in groups. Take turns explaining course concepts.
- Don’t procrastinate. Start studying early.
- Break up your study sessions with breaks.
- Review your mistakes from past exams to make sure you don’t repeat them.

Personal
- Don’t be late to the exam.
- Get enough sleep the night before your exam.
- Get some exercise.
- Eat meals.
