

Clue #6: Good Marks Hint

A=4, B=3, C=2, D=1, F=0. Total up each row to find the corresponding letter for each class. For example, A+ B+ B+ C- D would be $4+3+3+2-1 = 11$, which is the letter K. The top row is $4+4+4+4+4 = 20 \rightarrow T$

Clue #6: Good Marks Hint
