

## Connecting to RHIT-1X Wireless Network

- Download the RHIT certificate: [http://www.rose-hulman.edu/TSC/services/other\\_services/root\\_certificate/Rose-Hulman.cer](http://www.rose-hulman.edu/TSC/services/other_services/root_certificate/Rose-Hulman.cer) . Save this to your Documents folder. Do not delete this file as the Network Manager will continually use it when reconnecting.
- Click on the Network Manager icon and select RHIT-1X.
- In the Wireless Network Authentication Required Windows, change Authentication from Tunneled TLS to Protected EAP (PEAP).

**Wireless Network Authentication Required**

**Authentication required by wireless network**
