ROLL OF
DONORS

2019-2020

EVERY GIFT MATTERS

DEFYING EXPECTATIONS, AGAIN

I've been fortunate to be in a leadership position at Rose-Hulman long enough to know it's never safe to bet against the success of our students or alumni.

But that doesn't mean I can't still be pleasantly surprised.

In June, we conducted our inaugural Day of Giving, an online, alumni-focused fundraiser aimed at helping Rose-Hulman meet its most immediate needs, including the costs of equipment and other materials designed to keep the community safe during a pandemic.

Because this was our first Day of Giving event, we kept our expectations modest. We greeted the day, June 24, 2020, with hope but also the knowledge many people were facing strained economic times linked to the global health crisis.

So, what happened?

You, our alumni, came through in a way none of us saw coming.

Thanks to your generosity, we surpassed our fundraising goal in just the first few hours of the morning, and, by the end of the event, had raised \$320,000 to apply to our most pressing institute needs.

It was truly an extraordinary day.

In all, 450 alumni answered the call on the Day of Giving, but I'd like to make special mention of those who incentivized others to give by offering generous matching gifts, including Dan Price (CE, 1975), Pat Noyes (ME, 1976), Scott Jaeger (EE, 1989) and Craig Pohlman (CS, 2000). An anonymous alumnus and his family also very generously provided a major gift to support the Ted Sweatt scholarship, which directly benefits African American students with financial need.

So, yes, we were facing, and continue to face, a difficult time nationally and globally. But, I'm more than a little comforted

to know that Rose-Hulman alumni, faculty and students are among those working hard to find science-based answers to the global health crisis.

Because, if I've learned anything in my years at Rose, it's you should never underestimate the Rose-Hulman community.

Sincerely,

Steven P. Brady
Vice President for Institutional Advancement

The following pages recognize gifts from donors of \$250 or more received from July 1, 2019 to June 30, 2020. Alumni Rise to Support First Day of Giving

DRIVEN
to Give

**ACHIEVED
\$213 MILLION
OF
\$250 MILLION
GOAL**

Alumni and friends answered the challenge and donated \$320,590 to support Rose-Hulman's future in the first Day of Giving, an online event conducted June 24.

A total of 450 alumni and friends provided support throughout the day to address the institute's greatest financial needs in the following areas:

- **STUDENT SCHOLARSHIPS**
- **SUPPORTING CAMPUS DIVERSITY**
- **COVID-19 SUPPORT AND RELIEF**
- **GENERAL INSTITUTIONAL SUPPORT**

"Our alumni have always loved a challenge and they've once again shown they believe strongly in our students, the institute and our future," says Rose-Hulman President Rob Coons. "In this current climate, it's especially exciting to know our alumni remain committed to ensuring today's students receive the same benefits they did from a Rose education."

The Day of Giving included generous matching gifts from several alumni and a generous major contribution from the Sweatt family and an anonymous alumnus to support the Ted Sweatt Scholarship, which benefits African American students and honors the memory of one of Indiana's most accomplished athletes.

"Rose alumni are demonstrating their commitment to the diversity of our campus by supporting the Sweatt Scholarship," says Steve Brady, vice president for institutional advancement. "In a single day they enhanced the future impact of this scholarship to benefit our students by raising more than \$60,000."

Ted Sweatt set a state record in the high jump in 1964 as a student at Terre Haute's former Wiley High School. He later enlisted in the U.S. Army and lost his life while on patrol in Vietnam. He was inducted into the Indiana Track and Field Hall of Fame in 2014 and was named one of Vigo County's 50 greatest athletes of the 20th Century by the Terre Haute Tribune-Star. The Ted Sweatt Scholarship was established at Rose-Hulman in 2018 by the Sweatt family and an alumnus and anonymous friend of the Sweatt family.

After a successful inaugural year, the Day of Giving is now set to become a regular event that's part of Rose-Hulman's Attitude of Gratitude Week, an annual celebration of philanthropy.

Alumni and friends can continue providing support to Rose-Hulman by making donations to www.rose-hulman.edu/give.

EVERY GIFT MATTERS

Driving the Home Stretch

Together we are...

DRIVEN
TO EXCEL

For scholarships, faculty positions, global study, student competition teams and additional academic and extracurricular programs

DRIVEN
TO INSPIRE

Empowering our faculty to lead on campus and in their fields as they leverage hands-on, experiential learning and push students to new limits

DRIVEN
TO INNOVATE

New learning spaces in order to take our intensive, hands-on education into brand new spaces and transformed, existing environments

DRIVEN
TO LEAD

Leading the way if we want to offer the most advanced support, tools and equipment, we cannot just keep pace with technology and science

The campaign is providing financial support for the following areas:

Endowment for Student Scholarships and Financial Aid:
\$100 MILLION

Endowment for Faculty Support and Other Initiatives:

Honoring Parents' Support

The Price Family Scholarship Endowment Fund was established by **David Price** (EE, 1986) to recognize his parents, Marilyn and David, while helping students who otherwise could not afford to attend Rose-Hulman. He says it's the perfect tribute to former teachers who had a love for STEM education and helping those in need—definitely a win-win situation. "It just made sense," says David (pictured with his father).

Lessons Learned

Scholarships and a job in the school cafeteria helped **Jim Summers** (CHE, 1962) afford to attend Rose-Hulman. Now, he and Isabel, his wife of more than 50 years, have made giving to the institute a priority. They are members of the Chauncey Rose Society and 1874 Heritage Society. "Rose-Hulman gave me so many good fundamentals in science and engineering that I used throughout my career (at BF Goodrich)," Jim says. He has 18 patents to his name and more than 100 peer-reviewed publications.

An Ever-Lasting Story

Stacey Muncie was skillful and caring in telling other people's stories as the digital storyteller and web editor for Rose-Hulman's Office of Communications and Marketing. However, it's her own story that will be forever making a difference in the local students through the Muncie Scholarship Endowment Fund. Stacey, a Terre Haute native, established the fund before her death earlier this year after showing strength, courage and love while battling a long illness. "It was her last big project and was what she focused on in her last couple of weeks," says her husband, **Jerry Muncie** (ME, 1994). He and daughter, **Maddie** (BC, 2019), are supporting the scholarship, along with contributions from family, friends and community members. The family issued the following statement: "Stacey felt extremely fortunate to have been part of the Rose-Hulman family and community, and for the benefits that allowed her daughter to attend Rose and follow in her dad's footsteps. She established this scholarship for local students to help and encourage them the best way she could and to give back to the local community that she truly loved." Taking Note: One of Stacey's last projects, the institute's 2019 Special Holiday Year-in-Review video, earned a 2020 Pinnacle Award from the Public Relations Society of America's Hoosier Chapter for exemplary work in public relations, communications and marketing.

Supporting Alma Maters

Establishing scholarships to support students attending their alma maters are **Rob Banerjee** (ME, 1978) and his wife, Kathy, a University of Cincinnati accounting graduate. The couple's scholarship to Rose-Hulman is making it possible for a female student from Ohio to attend the institute for four years. The Banerjees' contributions were recognized at 2019 Homecoming, with them receiving Chauncey Rose tartan jackets for their induction into the Chauncey Rose Society. Rob was president of Rose-Hulman's Alpha Tau Omega fraternity and has faithfully supported the chapter for several years. After graduation, Rob went on to have a 36½-year career with DuPont, retiring in 2014 as director of integrated petrochemical business operations.

Grateful Parents

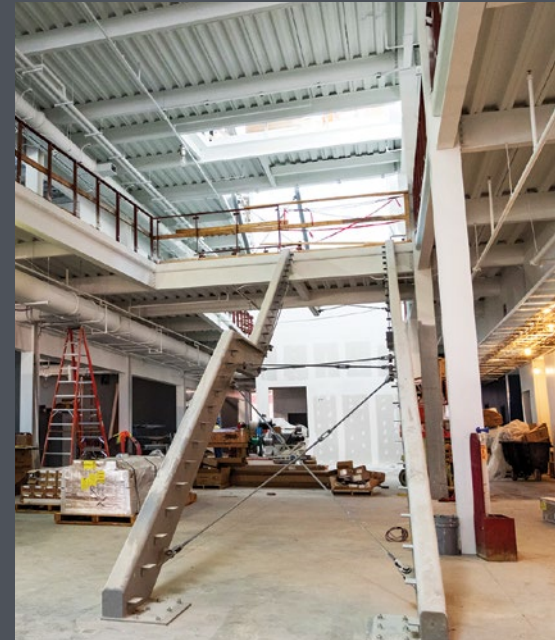

Beverley "Bev" and Marian Compton established the need-based John A. Logan Memorial Scholarship last spring with the \$60,000 in institutional merit awards that were afforded their son, **Cameron** (CPE, 2019), across his four-year Rose-Hulman career. "Rose-Hulman had an extraordinary influence on our son's life," Bev says. "We wanted to help other students to have the superior educational experience that our son enjoyed." Cameron is now a System-on-Chip design engineer with Intel Corporation.

Bev and Marian Compton with their son, Cameron.

One Year Away

Anticipation continues to mount for the late August 2021 grand opening of the new academic building. Supporting the \$29 million, 70,000-square foot project was a \$15 million lead gift from an anonymous donor. When complete, the building will provide collaboration workspaces, design studios, flexible classrooms, chemistry laboratories, and faculty innovation spaces—all with naming opportunities for interested financial donors. A central atrium and lots of interior and exterior glass will showcase the work taking place within, making it a "window into Rose" concept that showcases curricular innovation, laboratory activities and teamwork among students, faculty and staff members.

Pavilion Gets a Name, Design Award

It hasn't taken long for the Mussallem Union's Pi-Vilion to become "the" place on campus for students, faculty and staff members. Known as the Pi-Vilion following a campus-wide student naming contest, the structure was added to the institute's facilities last year thanks to a \$1.5 million gift from Linda and **Mike Mussallem** (BSCHE, 1974/HD, 1999). The mostly glass and steel structure includes a green roof, infrared heaters, ceiling fans, spacious indoor seating, and an outdoor grilling area all located adjacent to the student union. Its features, designed by Ratio Architects of Indianapolis, earned the Indiana Honor architecture award for design excellence from the Indiana chapter of the American Institute of Architects.

Supporting Diversity

Rose-Hulman will always be a special place for **Dedric and Alicia Day**. It's where the couple met as chemical engineering students, eventually graduating together in 2003. They went on to work with Eli Lilly and Company in Indianapolis: Dedric is now director of the company's Process Engineering Center and Alicia is director of the parenteral commercialization division. Their collaborations continue with the creation a joint diversity scholarship to support African American, Hispanic and female students.

Start Your Engines

A new engine testing laboratory is giving students opportunities to study engine design and testing procedures, through support from the Trueblood and Trobaugh families, including trustee **Jim Trueblood** (ME, 1977). Thanks to their generosity, along with other donors, the lab was moved from the Rotz Laboratory in order to have expanded, improved space and be closer to student competition teams. Students also have been using the lab for research projects.

VAR SITY CLUB

Varsity R Club Patrons

This club recognizes alumni, faculty, staff, parents, and friends who made gifts totaling \$250 or more to the Varsity R Club from July 1, 2019 through June 30, 2020.

This group gives alumni, alumni athletes, parents, faculty and staff, and friends of the institute a way to join together in support of current and future Rose-Hulman student-athletes.

Getting Their Kicks

A second synthetic turf field was added to campus late this summer, upgrading a multipurpose field for athletics, recreation and intramural activities. The project's entire cost was covered by a charitable gift from an anonymous donor who has been a longtime supporter of the institute's athletics program. The field, located in the northeast corner of campus, will allow men's and women's lacrosse to be added to athletic program for the 2021-22 school year. Additional financial support is needed to create new facilities to establish a stadium for soccer and lacrosse athletic events.

Supporting Students While Traveling Open Roads

Who hasn't been delighted to see a Rose-Hulman license plate on another vehicle traveling down the roadway or be parked outside a business or sporting event—and trying to figure out the hidden message in some of the personalized plates.

Also know that each distinctive plate is helping Indiana students attend the institute.

While allowing alumni and others to show their Rose-Hulman pride, Indiana's Collegiate License Plate program provides a great way to support the institute and its students through a simple gesture. The \$25 tax-deductible contribution, collected by the Bureau of Motor Vehicles, typically raises over \$80,000 annually to support Rose-Hulman's scholarship fund. An additional \$15 supplemental fee, along with your annual vehicle registration fees, are assessed by the state office.

Over \$1 million has been raised since the program's inception!

Your local license branch has all of the details; just ask for the Rose-Hulman license plate. They are only available for Indiana residents and may be displayed on passenger cars, motorcycles, recreational vehicles, and trucks weighing less than 11,000 pounds.

There are other ways for you to show your RHIT pride. See how at www.rose-hulman.edu/alumni-and-friends/Show-Your-Pride.html.
