

EXPAND YOUR HORIZONS WITH AN **INTERNATIONAL** COMPUTER SCIENCE DEGREE

ROSE-HULMAN
INSTITUTE OF TECHNOLOGY

Dual Bachelor's Degrees:

- Rose-Hulman Institute of Technology
- Technische Hochschule Ulm, Germany

Why Pursue an ICS Degree?

Global Career Prospects:

Prepare for opportunities to work overseas with international companies.

Cultural Competence:

Develop essential skills for working across cultures by studying in Germany for a year.

International Network:

Connect with students from across Europe and build a global network.

Independent Learning:

Thrive in a self-directed learning environment, ideal for self-starters.

European Work Opportunities:

A German degree can facilitate employment in Germany and the EU.

Financial Aspects

Tuition:

Pay Rose-Hulman tuition throughout the program.

Living Costs:

Enjoy lower living expenses in Germany, allowing for more financial flexibility.

Financial Aid:

Keep your Rose-Hulman financial aid and explore additional funding from RHIT and THU.

Program Structure

- **Years 1-2:** Study at Rose-Hulman.
- **Year 3:** Live and learn in Ulm, Germany.
- **Year 4:** Return to Rose-Hulman with your Ulm peers.

What Our Alumni Say

“I think going abroad opened my eyes to other, non-American perspectives of the world. It gave me a lot of necessary context for working with folks abroad. Most people I interact with on a frequent basis aren’t American, and there’s been times where that’s come into play in my role. I don’t think I would be nearly as successful as I have been without this experience abroad.”

– **Andy Sadler, '21, International Computer Science, Software Engineering, Mathematics**
