## July 2014

### 2014 Alumni Directory Quick Facts

1. A hardcopy alumni directory has not been published since 2006. For this reason and because of the large amount of requests received for another one to be published, we began this directory project in May.
2. Having current and accurate information on alumni is vital to the future of Rose-Hulman for reasons such as academic accreditation, post-graduate career services, grant funding, and much more.
3. The Office of Alumni Affairs has partnered with Publishing Concepts Inc. (PCI) for this directory project because the alumni affairs staff is not large enough to be able to handle this project.
4. PCI was chosen as our partner because of their outstanding reputation in upholding the ethical standards of their industry. They are contractually bound to use the information they receive for the purpose of this directory project and nothing more.
5. ***Rose-Hulman will never sell constituent information to PCI or any third party for any reason.*** The cost of content verification, printing and publishing of the directory is underwritten entirely by PCI. For this reason, purchasing the directory must be done through PCI.
6. Alumni are asked for their participation in the verification process to help ensure that out-of-date information is not published. ***Anyone may opt out of the directory entirely or choose to omit only certain parts of their information. You may reach PCI at 1.800.395.4724.***
7. Rose-Hulman does receive a \$10 royalty for each purchase of a directory package. You can verify your information without making a purchase.
