### Graduate school enrollments

**25%** of our graduating seniors go directly to top graduate programs. From the class of 2025, these graduate programs include:

- Brown University
- Carnegie Mellon University
- Northwestern University
- Stanford University
- Texas A&M University
- Tufts University
- University of Michigan
- University of Notre Dame
- University of Pennsylvania
- University of Texas at Austin

### Other majors we offer:

Molecular biology, computational science, international studies, data science, and economics are second majors only, so placement information is reported with the primary major.

We offer international computer science as a primary major, but many students choose to pair this major as a supplement to their engineering, science or mathematics degree.
