

TIC TAC TOE DEVELOPMENT

CSSE 120—Rose Hulman Institute of Technology

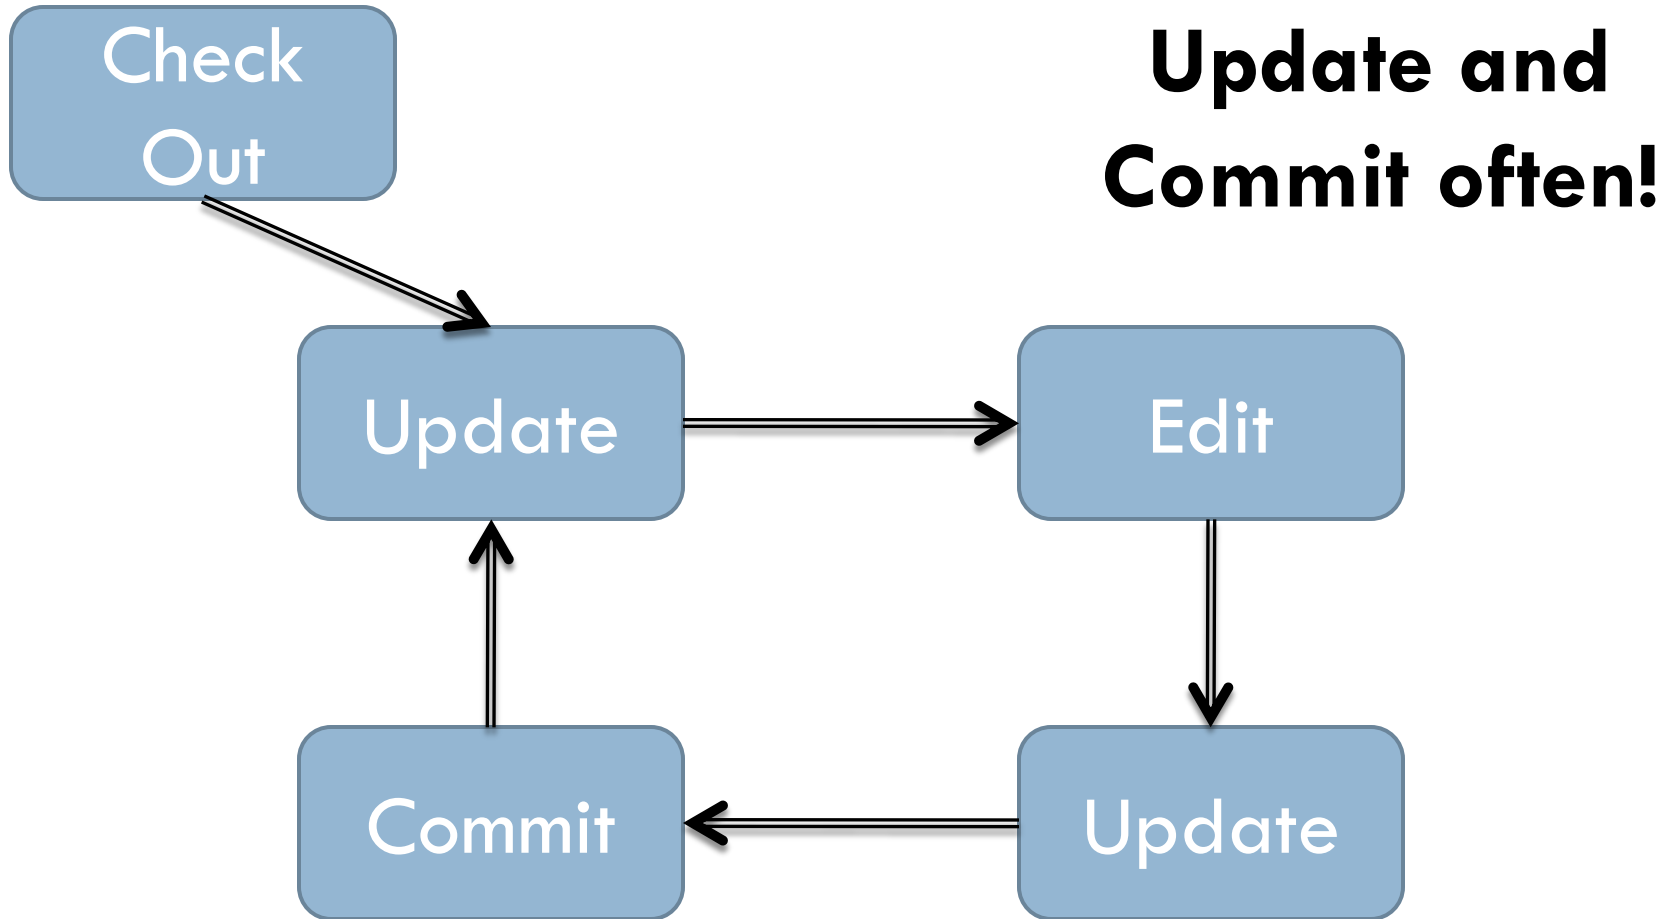

TicTacToe

- How many of you have played Tic Tac Toe before?
- Can play online at <http://www.prongo.com/tictac/>
- Today we will start developing a flexible version of that game
- We're here to assist you as you develop this version of the game
- We want you to have fun with it

TicTacToe SVN Repositories

- Add a new SVN repository to your SVN Repository Exploring perspective in Eclipse.
 - <http://svn.cs.rose-hulman.edu/repos/csse120-200910-TTTXY>
 - *X is your section number and Y is your team number*
- Verify that TTT SVN is working:
 1. Check out the *TicTacToe* project
 2. One team member **at a time** do the following:
 - a) Update
 - b) Add your name to comment in *TicTacToe.py*
 - c) Commit
 3. Everyone update to see that all names appear

The Version Control Etiquette
