HW 3 – Grading Rubric

Recall the General Instructions for Grading Programs.

Eclipse project for this assignment:
JavadocsAndUnitTesting

Points to be awarded:

1. MoreWordGames class, Javadoc – 2 points for each of the 5 places where Javadoc comments were to be added (the class, main, shout, whisper, holleWerld) (so 10 points total).

2. MoreWordGames class, new methods – 5 points for each of the 2 methods to be added (doubleSpeak, cartBeforeTheHorse) (so 10 points total).

   - Per the above link, additionally deduct points for poor style or documentation on this item.

3. MoreWordGamesTest – 3 points for at least 3 reasonable tests for each of the 5 methods tested: shout, whisper, holleWerld, doubleSpeak, and cartBeforeTheHorse (so 15 points total).

   - Documentation is not required for this test class.

Total: 35 points.

Note: There was a written exercise associated with this homework, worth 12 points. It is graded separately.
