

Project Progress Report

This milestone is to be completed as a team.

OBJECTIVES

The objective of this milestone is for you to continue learning about your chosen language by making progress on your term project.

REQUIREMENTS

Your tasks for this milestone are to:

- complete the user stories that we agreed on at our previous meeting, and
- send a memo to me (as an email) summarizing your progress.

Your memo should list the user stories that we had agreed on during our previous meeting, summarizing your progress on each of them. For each user story, your summary should include:

- whether you completed the user story, and
- the lessons you learned while working on the story.
- If you were unable to complete the user story, briefly describe the obstacles you ran into and how you plan to mitigate those.

You memo should also identify the user stories that you'll complete for the next milestone.

SUBMISSION

Commit your project to your team SVN repository. Send your progress report to me by email.

DUE DATE

The milestone is due by the time of our regularly scheduled team meeting during the week.
