GETTING STARTED WITH PYTHON

Curt Clifton
Rose-Hulman Institute of Technology

No quiz today

TODAY'S PLAN

- Live Python demo

  - Follow along with a neighbor if you don't have Python up and running yet

- Work time (if time permits):

  - Work on homework due Monday plus general Python familiarization

PYTHON IS…

- Whitespace sensitive

  - No curly braces!

  - Mixing spaces and tabs will drive you nuts

- Multi-paradigm

  - Imperative and functional and object-oriented

WORK TIME

- Work on homework due Monday plus general Python familiarization
