MA/CSSE 473 Day 01 Announcements and Summary

Announcements:

- 1. Background survey on Moodle. Complete it by 5 PM tomorrow.
- 2. Homework due at 11:55 PM. Usually on Mondays and Thursdays. Submit to Moodle dropbox. Networked scanner in F-217.
- 3. Each assignment has an optional extra-credit survey.
- 4. HW1 Due Monday. A bit smaller than HW 2, due Thursday, Sept. 11. I suggest that you begin HW 2 before HW 1 is due.
- 5. Late days: Start with 2, can use one per assignment. No credit after late day expiration.
- 6. Can earn an extra by submitting 24 hours before due date (if you earn at least 80% of the possible points for the assignment).
- 7. Course schedule page: http://www.rose-hulman.edu/class/csse/csse473/201510/Schedule/Schedule.htm

Main ideas from today:

- 1. What would you add to Dasgupta's "change motivators" list (Moveable type, Algorithms?
- 2. What is your group's definition of "Algorithm"?
- 3. What is the class's composite definition of "Algorithm"?

4. Write down your group's **Session → Day of the Week** algorithm.
