Subject: [473-staff] 473: Grading schedule for next week (due to exam)

Next Tuesday, I am giving Exam 2, so I am making both homework assignments be smaller than usual. I expect that the total grading load will be about the same as usual, but it will be distributed differently.

I think one student can handle grading HW 9A (due Monday), and two students can grade HW9B. I hope that will free up three students to help with grading the exam on Tuesday afternoon and Wednesday. So what I'll do is see who can be available when for grading the exam, and then figure out who to assign to the homework assignments.

I will do my best to make it so that my best estimate of everyone's total grading load falls within the preferred/maximum range that you gave me before the term started.

Please respond as soon as you can with answers to the following questions about how many hours and what times you can be available to help with grading the exam. I'd also like to use this info to try to schedule multiple exam graders at each grading time that I schedule.

Put an X by all of the times that you can be available (I will not schedule you for more time than you want).

- ___ Tuesday 5th hour (11:45)
- ___ Tuesday 6th hour (12:40)
- ___ Tuesday 7th hour (1:35)
- ___ Tuesday 8th hour (2:30)
- ___ Tuesday 9th hour (3:25)
- ___ Tuesday 10th hour (4:20)

Wednesday 2nd hour (9:00)
 Wednesday 3rd hour (9:55)
 Wednesday 4th hour (10:50)

Wednesday 7th hour (1:35)
 Wednesday 8th hour (2:30)
 Wednesday 9th hour (3:25)
