

This notebook contains the data for Exercise 3.4.3, Tori Bowie's 100-meter gold medal performance in the 2017 IAAF World Championships.

```
ln[1]:= bowietimes = {0.182, 2.07, 3.22, 4.24, 5.18, 6.11, 7.04, 7.98, 8.93, 9.88, 10.85}
```

The Hill-Keller model can be fit to this data in precisely the same manner as that used for Usain Bolt's data.
